
Floor Drain—PVC Coated

The Deckrite Canada coated PVC Coated floor drain offers both mechanical attachment of the membrane with an aluminum clamp ring as well as a PVC Coated flange for a weld-able seal of the membrane to the drain body. A one piece spun aluminum body guarantees a leak proof drain.

Features

One piece spun aluminum
Weldable PVC coated flange
Removable grate
No caulking required
Compatible with all Deckrite Membranes

Technical Notes

Drain Body: 8-1/2” Diameter (216mm)
Finished Grate: 4-3/4” Diameter (121 mm)
Overall Height: 2-1/8” (54mm)
Outlet Pipe: 3-3/8” OD (86mm)

Packaging

Sold in single units
